

KNOWLEDGE TO KNOWING

The illiterate of the 21st century will not be those who cannot read and write, but those who cannot learn, unlearn, and relearn.

Alvin Toffler

Teaching is a passion for a lot of people and some regard it as a rare form of art. However teaching can be tricky for a class of eclectic mix of students, who have different learning needs and unique potentials. Teaching such students can sometimes become an enormous challenge. We are delighted to announce our **4th** specialized teacher training programme “**KNOWLEDGE TO KNOWING**”, a groundbreaking program designed to help trainees overcome such challenges. It will align the mindsets of teachers to understand the learning profile of each student and teach them accordingly to bring about concrete and measurable changes.

About the Course:

The unique **KNOWLEDGE TO KNOWING** curriculum has gone through in-depth research and rigorous on field test practice. This course is an amalgamation of Montessori Method, Counseling and Psychology theories and Cognitive and Educational intervention strategies, gleaned from one of the best remedial teaching methods of the world. The trainees will be imbued with the sound teaching values and strong beliefs system in the multisensory ways of learning.

Who can Benefit:

KNOWLEDGE TO KNOWING is ideal for amateur and experienced teachers, professionals in education related fields and parents alike. It's an exceptional course which aspires to assist trainees to develop superior teaching skills that will equip them to become proficient in the art of applying theoretical knowledge to practical hands-on application, to teach regular and differently able children.

Method of Teaching:

‘Not just chalk and talk but walk the talk’ is what we follow at **Ripples**. Lectures, PowerPoint presentations and practical material demonstration will be used to disseminate knowledge. It will be our endeavor to attune the trainees to the nuances of ‘Reflective Practice’ which is based on the idea that experience is not the best teacher but what we do with experience forms the best basis for the learning. We take every possible opportunity to link theory and practice and thus maximize the number of opportunities for learning enrichment.

Location and Facilities:

KNOWLEDGE TO KNOWING classes will be held at Ripples-Center for Enhanced Learning, Rizwan Residency, Rethi bowli, Mehdiapatnam Hyderabad-28, India. Bus facility and auto stand is easily accessible, nearby. Tea and refreshments will be provided during the break.

Prospects after Training:

With ever-growing demand for remedial instructors and lack of professionally trained teachers, getting skilled in this field is highly rewarding. You can start your private practice at home, work in schools as remedial instructor or establish your own center. Moreover, the techniques learned in this course can be beautifully used with regular children and adults as well.

Curriculum Topics:

Topics covered in **KNOWLEDGE TO KNOWING** are:
