The next workshop in the series is on

Remediation Strategies - Reading & Spelling 6th December, 2014 Venue: E-123, Kalkaji, New Delhi

Reading is generally understood to mean extraction of meaning from words on the written or printed page. As teachers we know this to be true, however we find so many children unable to achieve this, making them lag behind their peers. To make students successful readers we need to look into the elements of the reading stages. Teachers will learn of various approaches adopted to accomplish the stages of reading. The workshop will arm teachers with strategies to ensure all elements of reading as a skill are covered. The focus will also be on hands-on activities which aim to reach out to all learners in the classroom.

Interested participants are requested to send in their Forms along with the fees to the address given below. All bank drafts/cheques must be in favor of "Orkids Foundation" and payable at New Delhi. Payments may also be made through bank transfers. Details are:
